

PIERCE-EDGERTON AFFAIR.

To Be Decided at Grand Central Palace To-Night.

N. J. A. C.'s Memorial Day Events—Other Sporting Gossip.

Eddie Pierce, who is matched to box Walter Edgerton, the "Kentucky Rosebud," to-night at the Grand Central Palace, finished his training yesterday and returned to this city. He says he is in good trim for the bout, and is confident of his ability to beat the man who prides himself upon having knocked Champion George Dixon down and out recently in Philadelphia. It transpired yesterday that Pierce will be matched for a five-round contest against Young Griffo if he is successful to-night, and ultimately another chance to fight Dixon will be given him. The Rosebud, too, wants a chance to show what he can do with the dusky Bostonian in a finish encounter, and the result of to-night's bout will determine whether he shall be matched or not. John Eckhardt has agreed to act as referee of the bout at the earnest solicitation of both the principals.

Owen Ziegler, the clever Philadelphia light-weight who recently defeated Billy Brown, rather depends upon a victory over Jack Falvey, of Providence, to-night to insure a meeting with Horace Lewis or Stanton Abbott. Falvey is a clever two-handed fighter, and may upset the Quaker's calculation. Bouts between Danny McBride and Maxey Haugh and Tim Murphy and Frank Patterson will conclude the program.

The Athletic Committee of the New Jersey A. C. has arranged a match game of lacrosse between Stevens Institute and the College of the City of New York, to be played at its carnival of sports on Memorial Day. There is a great rivalry between these two teams, and the contest promises to be very interesting. The game will be called at 2 o'clock, and the winning team will be presented with a handsome banner. Many entries have been received for the athletic events, which are as follows: Seventy-five-yard dash, on turf; 220-yard dash, handicap; three-mile run, handicap; 880-yard run, handicap; 220-yard hurdle, handicap; running high jump, handicap; limit six inches; one-mile walk, handicap; 880-yard run, novice; invitation relay team race, open to colleges only, teams of four men to run one-quarter mile each; two-mile bicycle race, handicap; one-mile bicycle race, handicap; each event open to riders of Class A.

The following table shows the number of preliminary games won and lost by each of the six leading college teams with other colleges this season:

Team	Won	Lost	Total	Per Cent.
Princeton	6	0	6	1.000
Cornell	5	1	6	.833
Pennsylvania	4	2	6	.667
Brown	3	3	6	.500
Harvard	2	4	6	.333
Yale	1	5	6	.167

The foregoing gives no idea of the relative strength of the teams. Yale, probably the strongest of the lot, is last, but nevertheless has made the best showing against professional nines, having beaten Brooklyn and Boston.

The Riverside Wheelmen have been the first in the field in putting out their racing team for the coming season. The team is composed of all fast and well-known men, and is very able to keep the Metropolitan Club championship, which the club has held so long, where it is at present. The team consists of F. J. Titus, F. W. Mosher, T. Nagle, Ted Goodman and E. Boninger. The Club is

anxious to back this team against any of the Metropolitan clubs.

Says a well-known follower of pugilism speaking of Griffo: "Take a robust middle-weight, say of the Creedon type, saw off his legs, shorten up his body so that it shall round up and bulge out his chest, and set him up on pipestems, and something of an idea is given of his appearance. Griffo for some time has been keeping the number of pounds he may weigh at any time to himself. If he will match at weight, which in at the ring-side, whatever class it may put him in, I have a suspicion that his scrapping ability will not be so overwhelming as a good many are rushing to believe."

The Missouri Rifle and Pistol Club, of St. Louis, and the Pastime Rifle Club, of Chicago, will shoot a match by telegraph next Tuesday night. The St. Louis shooters will use their range on Pine street, while the Pastime Club team will hold forth at Ingersoll's State street range in Chicago. A special wire will connect with both galleries, and the scores will be telegraphed from one range to the other as rapidly as made.

Word comes from London that The Sporting Life of London has been interviewed by James J. Corbett, in which Corbett declares that he will not fail to keep his word to meet Jackson, but that new articles must be drawn up in any case, and until that was done he had nothing to add to what he had already said.

Manager Hanlon has released Pitcher Kirby Barker from the Baltimore Baseball Club, as it has been shown after repeated trials, that he is ineffective before League batters.

SALES OF CHEAP COAL.

Piling Up Rapidly, but Only Two Days More Remain.

Consumers of coal in this city and Brooklyn continue to show their appreciation of "The World's" enterprise and courage in its fight against the triple combine which has so long been robbing the people.

Yesterday's sales of \$4.50 coal aggregated 278 tons, making the total amount sold thus far 3,792 tons. As the present offer of "The World" holds good until May 1, consumers have yet two days more in which to place their orders. Now is the time to get a cheap supply of coal for next season. The pool always takes advantage of the increased demand for coal late in the summer and fall to put up the price.

One reason which the retail coal dealers give for their failure to reduce the price to consumers is, that it costs so much to handle the coal. The larger dealers have adopted modern methods, and have greatly reduced the expense of handling coal in their yards, but the great majority of the smaller dealers have made no change in the antiquated methods which prevail in the majority of their yards. It is in determining the price at which coal shall be held in the retail market. "The World" has shown, however, that dealers can afford to sell at 75 cents a ton below the present market price and allow for a good profit, and it only requires the united effort of the consumers in this city and vicinity to compel all the retail dealers to come down to the same basis.

OFFICERS OF THE 69TH WIN.

Upheld in Their Refusal to Attend Cathedral Services.

The four non-commissioned officers of the Sixty-ninth Battalion, who were summoned to appear before the delinquency court last night for failing to turn out St. Patrick's Day, when the battalion marched from the armory to St. Patrick's Cathedral, are receiving congratulations to-day over their victory. The men claimed that they violated no military law in not parading, but that on the contrary it was a violation of the religious liberty guaranteed by the Federal Government to try and compel them to do so.

With one exception the men were Catholics, and it was the first time in the history of the National Guard that the question came up. The delinquency court sat last night, and the charges after being heard, were promptly thrown out.

LIFE OF THE FIREMEN.

A "World" Reporter Joins a Company and Flights Flames.

A "World" reporter got an appointment on the Fire Department recently. He went to live in an engine-house, getting his meals as the firemen did. How it felt to be awakened from a sound sleep and hustled off to a fire in the dead of night.

AS A FIREMAN.

He worked hard, and at one fire his bravery was commented upon, and in a report in City of Bonner he received special mention. There is a fascination about the fire Department that thrills even the most languid citizen. When Joshua Witcomb came to New York, perhaps you remember, he chased a fire-engine some distance in his enthusiasm. You will understand his feelings when you read this story in "The Sunday World" to-morrow.
